Assembly Diagram C

Top View (Left): Shows the panel being attached to the base. Fasteners are labeled SP1, TB35-8, SP16, and SPH. A warning symbol (triangle with exclamation mark) is present. Callout 12 indicates a specific fastener location.

Side View (Right): Shows the internal structure and fasteners. Callout 13 shows a detail of the fastener assembly. Callout 14 shows a detail of the panel edge. A warning symbol (triangle with exclamation mark) is present.

Warning Symbols:

- Triangle with exclamation mark: General warning.
- Crossed-out power drill: Do not use a power drill.
- Glass being broken: Handle with care to avoid breakage.

Callouts:

- 12: Fastener location on the top edge.
- 13: Detail of the fastener assembly.
- 14: Detail of the panel edge.
